INTRODUCTION AND STATEMENT OF THE CASE

5. In her capacity as employee of the Defendants, Ms. Vongphachanh has held and holds the title of Public Affairs Officer.
6. Within the scope of her employment, Ms. Vongphachanh is charged with handling matters relating to contacts and activities of the Defendants with the local community, and with legislative and governmental affairs.
7. Within the scope of her employment, Ms. Vongphachanh is charged with representing her employers on external boards and committees and in the local community on matters of public policy, economic development and overall community relations.
8. Within the scope of her employment, Ms. Vongphachanh is charged with protecting the interest of the members of the association for which she works, and also for the real estate industry at large, in legislative matters.
9. Ms. Vongphachanh operates under the direction of the Defendants and each of them.
10. The Plaintiff is a corporation engaged in providing relocation benefit plans to employers, unions, affinity groups and membership organizations which in turn are offered to employees, as union benefits or as affinity benefits.
11. The benefit service plan and the business model by which Plaintiff operates was established in 2008, and is in compliance with all federal and state laws.
12. Plaintiff has consulted with legal counsel and has interacted with the Indiana Real Estate Commissioner, Regulatory Ombudsman for the Indiana Economic Development Corporation

and the U.S. Department of Housing and Urban Development and with other governmental agencies to insure that its operation is in compliance with the law.

13. Plaintiff is one among several companies who operate nationwide and locally which offer this type of benefit.
14. Plaintiff, in promoting their product and services, undertook to schedule a substantial rollout and on-site promotion in northeast Indiana on February 27, 2014.
15. The rollout involved hundreds of hours of preparation time and market testing by agents, employees and contractors of the Plaintiff, and also involved reaching out to and establishing good relationships with local businesses and government officials.
16. Plaintiff has incurred substantial costs and capital outlay in preparation of its rollout.
17. Plaintiff, in its overall business plan, and in its effort to promote the company, had worked with local government officials, who had planned on attending the roll out on February 27, 2014.
18. Among the individuals scheduled to attend the rollout were councilman Kevin Howell, who is an Allen County Councilman, and a Constituent Liaison for United States Congressman Marlin Stuzman. Councilman Howell, in his capacity as the Constituent Liaison, handled the arrangements for Congressman Stuzman to attend the rollout, and to speak in favor of such initiatives as those available through the Plaintiff's business.
19. The rollout was to be a showcase of how the Plaintiff could assist the general public in a way which promoted government policy consistent with those of the politicians scheduled to attend.
20. In the normal course of operation, Plaintiff periodically offers informational sessions explaining how their product and services operate, and how it can benefit individuals, employers, builders, real estate agents and others. These sessions also inform prospective real estate agents interested in qualifying to participate in Plaintiff's services.
21. An informational session that also supported the rollout was conducted on February 19, 2014, in Fort Wayne, Indiana. Ms. Vongphachanh, in the scope of her employment, attended that session.
22. Within hours or minutes of attending the informational session, Ms. Vongphachanh, contacted councilman Howell, and without any basis in fact informed him that Plaintiff was operating an illegal down payment assistance program, and that Plaintiff was an illegal

company. Defendants, acting through their agent Ms. Vongphachanh and or others, also threatened Councilman Howell and stated that if he or congressman Stutzman attended the Plaintiff's rollout, Ms. Vongphachanh would send out an email blast to local real estate agents and others, informing them that Howell and Stutzman were working with an illegal company.

23. The Defendants, through acts of libel and slander, maligned and defamed the Plaintiff to a sitting member of the United States House of Representatives, a sitting member of the Allen County Council, to parties contracting with Plaintiff, to parties in a business relationship with the Plaintiff, and to the general public, and maliciously and without justification threatened to associate a Congressman and a Councilman with criminal activity if either decided to show support for the work of the Plaintiff.
24. Immediately after Ms. Vongphachanh made the threats to these government officials, they withdrew their support of the Plaintiff's rollout, and refused to attend the same.
25. Plaintiff believes that at least two substantial potential contracts, in which Plaintiff invested substantial time and money, were lost as a direct result of the false accusations of criminal activity which Defendants disseminated to these potential customers.
26. The Defendants were approached by Plaintiff and were asked to issue a written retraction of the false accusations of criminal activity on the part of the Plaintiff.
27. The Defendants refused to issue any type of retraction, and instead condoned the actions of their employee or employees and informed Plaintiff that Ms. Vongphachanh was only doing the job she was paid to do.
28. As a result of the actions and inactions of the Defendants Plaintiffs have suffered and continue to suffer damages.
29. The actions of Ms. Vongphachanh were done within the scope and employment of the Defendants, and Defendants are responsible for the actions of their employee, Ms. Vongphachanh under a *respondeat superior* relationship of the parties.

- 29.8 NAR, through their agents and employees, used their contacts with the Department of Housing and Urban Development to provide HUD with false information and to launch and investigation of the Plaintiff, knowing HUD had no oversight of the activities of the Plaintiff.
- 29.9 After learning that HUD saw no basis for action against Plaintiff, NAR failed to inform other Defendants of this fact, and continued to work with the other Defendants and to provide false and misleading information about the Plaintiff's business and about HUD's involvement resulting injury to the Plaintiff.
- 29.10 Upstar and Upstar MLS reported to NAR about the activities of Plaintiff, and worked in concert with NAR and IAR to undermine the business success of the Plaintiff through a continued campaign of misinformation calculated to malign the Plaintiff and to cause it harm.

- 29.16 The Defendants actions include false and misleading statements which were designed to prevent Plaintiff from providing a critical service to the consuming public and therefore maintaining an exclusive non-competitive environment for their benefit.
- 29.17 The Defendants have through a combination of acts and by conspiracy, incorporated illegal and suppressive measures to prevent an innovative business model from forming and thriving in the market, and have acted to restrain trade.
- 29.18 The efforts of the Defendants, whether individually or in some combination of actors, promoted a boycott of Plaintiff's services.
